Preparing for the UCPath Transition

Still getting a paper paycheck? Consider Direct Deposit

If you currently receive a paper paycheck, starting in October 2018, your paycheck will be mailed on payday to your home address on file. By switching to Direct Deposit you can get access to your pay on payday.

Direct Deposit has many benefits:

✓ Your pay is automatically deposited into your bank account and is available immediately on payday

✓ There’s no paper check to replace in the event your paycheck is lost, stolen or expired

✓ You pay no extra fees to receive your money via Direct Deposit and you eliminate costly check cashing fees

✓ Your Direct Deposit is protected by federal consumer protections and banking regulations

✓ You’re helping the environment by reducing paper waste

Enrolling is easy!

Sign-up for Direct Deposit before August 1, 2018 to ensure it will automatically be converted when UCLA launches UCPath.

Visit atyourserviceonline.ucop.edu to enroll in direct deposit TODAY!
